EDUCATION

- Sardar Patel Institute of Technology** 2021-2025
Bachelor of Technology - Electronics and Telecommunication; CGPA: 7.94/10 Mumbai, India
- Sardar Patel Institute of Technology** 2022-2024
Minor Degree - Computer Science; GPA: 10/10 Mumbai, India
- D.G.Ruparel College of Arts, Commerce and Science** 2019-2021
HSC; Percentage: 91.67% Mumbai, India

PROJECTS

- Consulting Case Study · E-Summit '24 SPIT** Project Showcase: [Google Drive link](#)
 - Executed a comprehensive analysis of Spotify's \$14 Billion business model and identified key issues like high royalty fees (upto 70%), decreasing **Average Revenue Per User (ARPU)**, etc.
 - Proposed strategic solutions and diversification of services to address profitability challenges, leveraging market segments that expect a growth of upto \$95 Billion
- HR Analytics Dashboard** Project Showcase: [Github link](#)
 - Developed an **interactive PowerBI dashboard** visualizing key HR metrics (turnover, satisfaction, performance, demographics) to support data-driven decision-making.
 - Cleaned and normalized Kaggle HR dataset**, creating calculated fields and data transformations for accurate and advanced visualizations.
 - Executed **SQL queries to cross-verify and validate** dashboard metrics, ensuring data accuracy and reliability.
- Weather Forecasting Application** Project Showcase: [Github link](#)
 - Designed** a weather application in **Python** utilizing **Tkinter**, integrated with the **OpenWeather API** to provide real-time **weather data**, including **temperature, humidity, pressure, and wind speed**.
 - Developed a **5-day weather forecast visualization** using **Matplotlib**, enabling users to view and analyze upcoming **weather trends** graphically.
 - Implemented** search history and favorite cities for personalized **weather tracking** and quick access to frequently checked locations.

SKILLS

Languages: SQL, Python, C++
Tools: MySQL, PostgreSQL, MS Office, PowerBI
Libraries: Pandas, Matplotlib, Numpy, Beautiful Soup, Seaborn
Management: Project management, Event coordination, Team leadership
